

2017 Annual Report

We provide comprehensive services, including routine medical care, specialized care, and pre and post surgery care to children with complex medical conditions. We believe that every child deserves a fighting chance.

2017 was a big year for us – we moved locations in Beijing and opened two new homes in two other cities.

February 2017

Our Beijing home moved into the Jingdu Children's Hospital

April 2017

Opened a new long-term home for 30 children in Inner Mongolia province

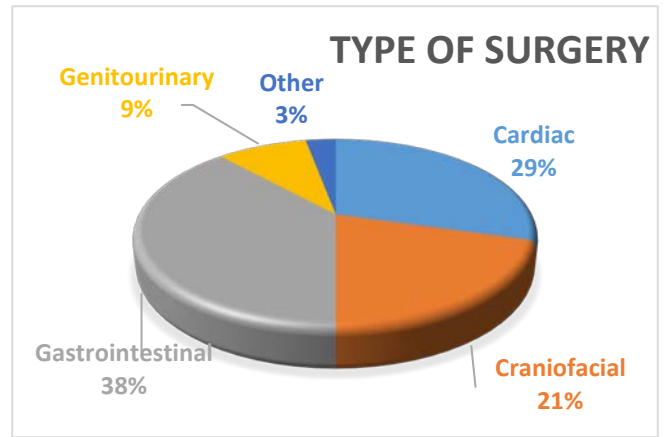

June 2017

Opened a new long-term home for 50 children in Shaanxi province

46 life-saving surgeries & over 500 out-patient visits

A total of **38** children transferred out of our care. From those who transferred out, the average length of time receiving care with us was six months.

Family Support Project

44 families (47 children) were supported through our Family Support Project.

13 children adopted

8 children transferred to other programs

13 children transferred back to home orphanage

Our total expense for 2017 was 4,470,192.69 RMB (approximately 706,335 USD). This doesn't include volunteer hours, or in-kind donations.

We are so grateful for all our donors and supporters around the world. Without you, we wouldn't have had such an amazing year!
