AT THE END OF 2021

## Specialized Care Rooms

### 84

CHILDREN  
IN 11 CARE  
ROOMS

### 7

ORPHANAGES  
SENT  
CHILDREN TO  
US FOR CARE

**Kai** - Last June, Kai returned to our care for further medical assistance. He was having trouble swallowing (he was born with esophageal atresia) and needed special feeding. Through this year, we have seen Kai transform! Under the careful attention of our nannies, Kai slowly learned how to swallow and eat regular food. He has also become a little chatterbox, greeting everyone who enters his room. The careful feeding and positive interactions provided by our trained nannies have given Kai the opportunity to thrive! We look forward to seeing how this curious, affectionate little guy continues to grow this year.

## Family Model of Care

### 51

CHILDREN IN  
12 "FOSTER  
FAMILY"  
HOMES

### 3

CHILDREN  
ADOPTED  
DOMESTICALLY  
TO THEIR  
"FOREVER  
FAMILY"

**Lei** - Since moving to one of our Family Model of Care Homes, Lei has blossomed! The love, care, and attention she has consistently received by her foster parents has given her the confidence and opportunity to thrive! She loves being a "sister" to the other children and takes this role very seriously. It's this life together as a family that has had such a positive impact on Lei. These homes provide children like Lei with opportunities to develop their emotional and social skills.

## Medical Care

49

LIFE-SAVING SURGERIES & IN-PATIENT STAYS

188

OUT-PATIENT VISITS

9

HOSPITALS PROVIDED MEDICAL CARE

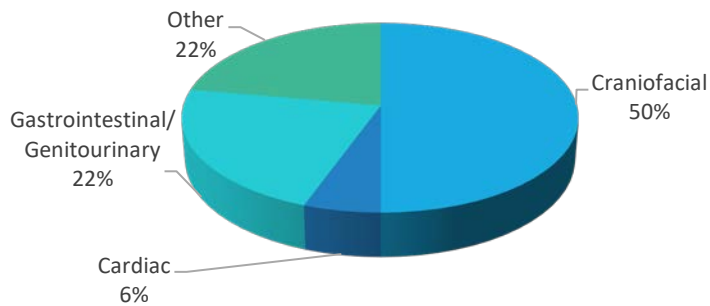

January 2021

December 2021

**Xuan** - In 2021, Xuan had two surgeries – one to fix a congenital heart defect and the other to repair a cleft palate. While in the hospital, she was accompanied by one of our trained nannies who met her daily needs and stayed by her side. Despite an ongoing pandemic and travel restrictions, we are thankful that we could provide Xuan with the medical treatment she needed.

## Type of Surgery

## Education

21

CHILDREN ATTEND THE DEW DROPS CLASSROOM OF SMILES

51

CHILDREN ATTEND OPHANAGE LEARNING CENTERS

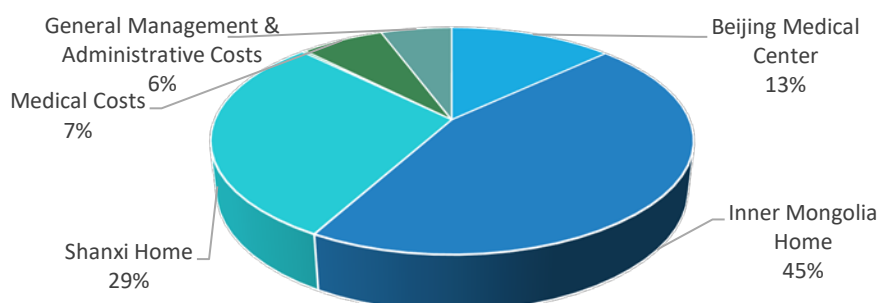

20

CHILDREN ATTEND LOCAL SCHOOLS (MIDDLE SCHOOL, HIGH SCHOOL, & SPECIAL EDUCATION SCHOOL)

**Jiu** - Attending the Dew Drops Classroom of Smiles has strengthened Jiu's curiosity, fostered his development, and improved his speech. He excels in all classes including cooking, arts and crafts, math, building, and practical daily life skills. We have a total of three teachers in our two classroom locations (Shanxi and Inner Mongolia).

## Donations Invested in Care - 6,353,806 RMB

In 2021, we raised a total of, 7,378,590 RMB through the generous donations of our supporters. *Thank you!*
